REGISTRATION OPENS FOR QCDC WINTER CAREER CAMP 2017

Camp Designed to Instil Basics of Strong Career Culture in Students

Doha, Qatar, 7 December 2016: Qatar Career Development Center (QCDC) has opened registration for its Winter Career Camp 2017, which will welcome Qatari preparatory school students for the third consecutive year.

The camp aims to instil the basics of a strong career culture in students and help them discover their skills and talents, which will allow them, in-turn, to carefully choose their future careers.

Abdulla Al-Mansoori, Director of QCDC, said: "The Winter Camp has continuously attracted eager participants over the last three years. We call on Qatari students to step up and take part in the various activities that will feature in the camp's third edition. The programme is specifically designed to enhance students' self-confidence and guide them to make intelligent decisions that will reflect positively on their professional and academic futures. It also aims to demonstrate the dynamics of Qatar's labour market, the country's various economic sectors and the future needs of Qatar."

The one-week camp will feature educational and cultural activities as well as interactive workshops that have been designed to develop students' personal skills and empower them to pursue the academic studies in-line with their career aspirations.

Shaheen Al-Sulaiti, Senior Operations Officer, QCDC, said: "The camp will give Qatari students the opportunity to visit leading organisations in Qatar, allowing them to gain first-hand insight into jobs at these companies, and find out which professions match their skills and potentials. This will allow them to plan their future academic endeavours and careers at an early stage."

Students will also visit a number of universities in Qatar, giving them the opportunity to learn about academic programmes and admission requirements.

The Winter Camp will be held at Hamad bin Khalifa University's (HBKU) Student Center, from 15 - 19 January, between 9am and 2pm. Participants will be awarded certificates after successful completion of the camp.

To register, or to learn more about QCDC Winter Career Camp 2017, please contact: 44546815 or 44546819. Alternatively, you can send an e-mail to: qcdc@qf.org.qa or visit QCDC website: www.qcdc.org.qa. Interested individuals are advised to register online as early as possible due to limited places.

Qatar Career Development Center - Your Future in Your Hands

Qatar Career Development Center (QCDC), a member of Qatar Foundation for Education, Science and Community Development, formerly known as Qatar Career Fair (QCF), aims to be the country's beacon for career guidance, preparing the nation's young human capital to respond to the requirements of the QNV 2030, by instilling career guidance within Qatar's socio-economic culture.

QCDC supports Qatari capacity building and empowers youth to better plan their career paths in line with their potential and the future needs of Qatar's labour market. It also equips parents and career guidance and development practitioners with career guidance knowledge and information needed so they may best advise and guide their children and students.

QCDC also aims to enrich and support career guidance policy making and practices by contributing to quality career literature, insights and consulting as well as offering high quality career services by professional experts.

Qatar Foundation – Unlocking Human Potential

Qatar Foundation for Education, Science, and Community Development (QF) is a private, non-profit organisation that is supporting Qatar on its journey from carbon economy to knowledge economy by unlocking human potential, for the benefit of not only Qatar, but the world. QF was co-founded in 1995 by His Highness Sheikh Hamad bin Khalifa Al Thani, the Father Amir, and Her Highness Sheikha Moza bint Nasser, Qatar Foundation's Chairperson. QF's work encompasses education, research and community development. World-class universities are brought to Qatar to help create an education sector in which young people can develop the attitudes and skills required for a knowledge economy.

At the same time, QF builds Qatar's innovation and technology capacity by developing and commercialising solutions through key sciences. The Foundation also works to foster a progressive society while enhancing cultural life, protecting Qatar's heritage and addressing immediate social needs in the community.
